Driven and analytical professional with a proven track record in problem-solving and decisive action, seeking to leverage expertise gained as a Visual Merchandising Specialist in the sports equipment industry into a career transition as a Web Developer. Skilled in integrating customer feedback and industry trends to drive sales while upholding brand standards. Ready to bring logical thinking and teamwork to web development projects.

Experience

FEB '22 - PRESENT

Restaurant Cook | Menya Itto, Vancouver

- Changed some of the menu items to increase variety and improve the customer repeat rate
- Interacted with guests to obtain feedback on product quality and service levels
- Developed innovative, creative menu items and recipes.

APR '19 - OCT '21

Apparel Sales Associate / Backyard | Nike Factory Store, Shisui, Chiba

- Constantly studied trends and provided customers with fashion advice that suited their season and style
- Pressed and folded items upon arrival in store to increase visual appeal
- Having gained extensive experience in inventory management and replenishment, I made efforts to provide customers with the products they desired at all times
- Shipment processing (delivery), customer service, and Phone support.
